ABOUT THE ANNUAL MEMBERSHIP MEETING (AMM)

With **120 years of history**, the American Chamber of Commerce in Germany e.V. is a powerful voice of transatlantic business. Once a year, its members gather for the Annual Membership Meeting (AMM). The AMM brings together about **200-250 members and representatives from politics, media and the transatlantic business community** and offers a platform for interdisciplinary exchange and networking among them. The signature event typically has three components:

- **A half-day business conference will take place in the afternoon of June 18, 2024**, offering insights from **government and industry experts** in various formats including keynote speeches, a panel discussion, and **breakout sessions hosted by partners and platinum sponsors** – in an effort to actively foster discourse and best practice exchange on the most relevant transatlantic topics.

Topics & Formats in 2024

The **2024 Annual Membership Meeting** will take place on **June 17-18, 2024**, as an **in-person event in Munich**. With the European elections and the U.S. presidential election coming up in 2024, an exciting and challenging year awaits. In times of fragile global business and investment conditions, further cooperation among the transatlantic partners will be crucial to strengthen the competitiveness and resilience of our economies. Our Annual Membership Meeting & Business Conference will therefore offer high-level perspectives on how to further deepen transatlantic business and trade relations.

In the realm of the business conference, AmCham Germany in cooperation with Roland Berger will also present the latest results of its **2024 Business Barometer**, an annual survey that takes a closer look at the investment and location conditions in both Germany and the United States. The presentation will be followed by a panel discussion on current opportunities and challenges for transatlantic businesses and how German and U.S. corporates currently assess Germany and the U.S. as a business location.
