

Female Founders Award Sponsorship Opportunities

About the Female Founders Award (FFA)

Established in 2019, **AmCham Germany's Female Founders Award (FFA)** promotes and empowers female founders in their visibility and transatlantic networks while inspiring and motivating other women to become entrepreneurs, too. Female founders remain a minority in the start-up ecosystem on both sides of the Atlantic. To increase their profile, AmCham Germany established the Female Founders Award, honoring successful female founders as positive role models. The award brings together the activities of AmCham Germany in the context of entrepreneurship and women in leadership. **On June 10, 2026, the award winners will be honored at an award ceremony in Munich.**

In 2022, AmCham Germany also established the **Female Leaders Platform**, a high-level forum for exchange and networking for the winners of the Female Founders Award and other high-ranking female leaders and founders among its membership. The Female Leaders Platform supports the goals of the award and increases its visibility through meetings throughout the year. Approximately 2-3 meetings, hosted by AmCham Germany or interested member companies, are scheduled annually.
