

## 20<sup>th</sup> Transatlantic Business Conference

### November 5, 2026, Berlin

---

### About the Transatlantic Business Conference

---

With more than **120 years of history**, the American Chamber of Commerce in Germany e.V. is the voice of transatlantic business. Once a year, it organizes its Transatlantic Business Conference. For two decades, this conference has provided an **annual platform for networking and open exchange on the most relevant transatlantic topics for our members, as well as decision makers from politics, business, think tanks, and the media**. Participation numbers have usually ranged between 200 – 300 attendees. **Prominent keynote speakers in the past three years** included **Governor Tim Walz** and **U.S. Chargé d’Affaires Alan Meltzer** (2025), **Bill Anderson**, Chairman of the Board and CEO of Bayer AG (2024); **Jörg Kukies**, former Minister of Finance, German Federal Ministry of Finance (2024); and **Amy Gutmann**, former U.S. Ambassador to Germany (2023). With coverage on AmCham Germany’s social media channels, the conference also targets the general public.

### Topics and Formats in 2026

---

AmCham Germany will host its 20<sup>th</sup> Transatlantic Business Conference on November 5, 2026 in Berlin. It will be preceded by meetings of the Executive Committee, Board of Directors, and Chairpersons, as well as a dinner on the eve of the conference, November 4, 2026. The conference will offer a first analysis of the results of the **U.S. midterm elections** and include high-level perspectives on how to further **deepen transatlantic economic relations**. It will feature formats such as **keynote speeches, panel discussions, as well as breakout sessions**. Last but not least, it will also offer a **variety of networking opportunities and visibility options for member companies and sponsors**. Over the course of the last year, new administrations in Germany and the U.S. have reshaped the landscape for transatlantic cooperation. At the same time, geopolitical tensions are contributing to a fragmentation of global supply chains, while rapid advancements in AI and other technologies challenge and disrupt traditional industries on both sides of the Atlantic. To navigate this evolving landscape, political and business leaders must work together to build a resilient, future-oriented transatlantic agenda. The 20<sup>th</sup> Transatlantic Business Conference will serve as a platform for dialogue and exchange on these and other topics.
