

Serving Clients Worldwide

Celebrating more than 130 years of service, King & Spalding is an international law firm that represents a broad array of clients, including half of the Fortune Global 100, with more than 1,100 lawyers in 19 offices in the United States, Europe, the Middle East and Asia. The firm also represents hundreds of clients with new ventures and mid-sized companies in emerging industries.

Long-standing client relationships are one of the surest barometers of a law firm's success in meeting its clients' needs for legal services. King & Spalding lawyers pride themselves on developing continuing client relationships that are productive, professional and collegial. The firm is one of only 52 law firms that have been on the BTI Client Service A-Team for 12 consecutive years—representing only 8% of the law firms serving the *Fortune* 1000.

The firm has handled matters in over 160 countries on six continents and is consistently recognized for the results it obtains, its uncompromising commitment to quality and its dedication to understanding the business and culture of its clients.

Celebrating 10 Years of Service in Germany

A decade ago, the Frankfurt office started out as a real estate capital markets practice, serving a core clientele of German and international funds, asset managers, and institutional investors. While the strong focus on the real estate and fund industry remains, the Frankfurt office is also home to a specialized German and international arbitration practice and a dedicated Life Sciences practice.

Closely integrated into our world-leading international arbitration group, the German team is advising clients in what will be some of the largest investment arbitration proceedings in the energy sector in Europe in the coming years.

The Frankfurt team is also an active player in the life sciences and food & beverage arenas, counseling clients in the healthcare, food, medical devices and pharmaceutical sectors and representing them before German and European courts.

In all these areas, our lawyers are able to handle complex cross-border matters, leveraging King & Spalding's capabilities within Germany, Europe and across the world.

The 2016/2017 edition of Germany's JUVE Handbook ranked the team's performance in investment funds, real estate, pharmaceuticals and healthcare, and food law and awarded a practice area recommendation for dispute resolution.
