

# Expert Briefings & Webinars: An Expert Exchange

## » Reach Target Audiences with AmCham Germany as Your Consultative Partner

With its offerings "Expert Briefings" (in-person event format) and "Expert Webinars" (virtual event format), AmCham Germany offers its members an exclusive and individualized service to promote expert exchange. In collaboration with AmCham Germany, members define and implement a topical event for a targeted and captive audience. These expert exchange events focus on a particular economic or financial topic as related to the transatlantic business community. Additionally, the hosting member utilizes this platform to highlight expertise in a specific area.

Events can be organized throughout Germany, either directly on the premises of the hosting member company, at an external location such as a hotel or special event venue, or virtually. Hybrid event formats are possible as well. Expert Briefings and Webinars are usually hosted in English, or alternatively in German.

**This member benefit is exclusively available to Partner, Ambassador, or Patron members for an additional fee.**

**Given AmCham Germany's breadth of events throughout the year, AmCham Germany reserves the right to make the final decision on the topic and timing of the Expert Briefing and/or Webinar.**

## » Customized Event to Promote Expert Exchange and Increase Member Visibility

- Consultation on topic selection, timing of the event, and speaker options
- Invitation and event promotion support including a customizable AmCham Germany distribution list
- Optional: registration management
- Optional: Scouting of facilities, organization of tech equipment & catering (**additional costs apply**)
- Event promotion in the AmCham Germany online event calendar and monthly member newsletter *Chamber News*, via AmCham Germany's LinkedIn Account, and on the AmCham Germany website
- Publication of event recap report on AmCham Germany homepage and LinkedIn shortly after the event. Member company produces event report with a minimum of 250 words.
- An annual Expert Briefings' recap is included in AmCham Germany's print publication, the *Annual Report*.
